

How to arrive via private means of transportation

Navigation

Enter the following coordinates (46.47472596009426, 11.317995063947297) and you will arrive directly at the Hydrogen Centre.

Alternatively, follow these instructions:

Arriving from Bozen/Bolzano (road along the Eisack River) or Meran/Merano (MeBo expressway):

Head for the “Bolzano Sud” highway junction: There is a small road before the toll booths on the right with a building signed “Punto Blu/Telepass”. Turn in here and continue straight ahead. After the second underpass turn right for the H2 Centre and the IIT offices.

From the A22 highway:

After the toll booths turn left into the “Firmian” parking area and follow again the green signs for “highway entrance” - autostrada”. Before entering the highway turn right into the small road as described above.

Alternatively, you can park on the Firmian parking lot (near the hydrogen refuelling station) and arrive by foot.
